THE LIVE-STOCK IMPORTATION (AMENDMENT) BILL, 2001.

THE DEPUTY CHAIRMAN: We have another Bill that the House is going to take up. It is a small Bill. I was reading the Bill. The Minister is here for a long time. The Bill only talks about import of certain animal products. They only want to insert a new section 3A which says that they can put a ban on the import of any live-stock product which may be objectionable. That is the main thing. Do you want to discuss it? There are only four speakers. If they so agree, they can be accommodated in another Bill later on. ...*(Interruptions)*... I must ask those people who have given their names. अगर हाउस एग्री करता है तो I will do it.

THE MINISTER OF PARLIAMENTARY AFFAIRS AND THE MINISTER OF INFORMATION TECHNOLOGY (SHRI PRAMOD MAHAJAN): Madam, fortunately, the Law Minister, against whose name half-a-dozen Bills are there, is busy in the other House. Only three small Bills are there in the list.

SHRI PRANAB MUKHERJEE (West Bengal) : If the Minister is there, we can have some discussion.

THE DEPUTY CHAIRMAN: We have more Bills. We have one Bill which Mr. Pramod Mahajan is going to pilot on behalf of Dr. Murli Manohar Joshi. That is the Auroville (Emergency Provisions) Repeal Bill, 2001. Another Bill is the Indian Universities (Repeal) Bill, 2000. Mr. Mahajan will be repealing everything in the House now.

If the House so agrees, we will take up the Live-stock Importation (Amendment) Bill. आप पहले मूव तो कर दीजिए, मैं आपकी छुट्टी कर दूं।

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (DR. DEBENDRA PRADHAN): Madam, I move:

> "That the Bill further to amend the Live-stock Importation Act, 1898, as passed by the Lok Sabha, be taken into consideration".

The question was put and the motion was adopted.

THE DEPUTY CHAIRMAN: We shall now take up clause-by-clause consideration of the Bill.

Clauses 2 to 6 were added to the Bill.

Clause 1, the Enacting Formula and the Title were added to the Bill.

DR. DEBENDRA PRADHAN: Madam, I move:

"That the Bill be passed".

The question was put and the motion was adopted.

THE DEPUTY CHAIRMAN: But I have one word. There are certain medicines, like the medicine for polio, which are animal product-based. Are they covered by this Bill?

DR. DEBENDRA PRADHAN: Madam, polio is a human disease.

THE DEPUTY CHAIRMAN: But we are also animals. But we are living beings also.

DR. DEBENDRA PRADHAN: It covers everybody.

THE DEPUTY CHAIRMAN: It covers everybody. What I am saying is that some times, these products get spoiled. We have seen that many times, the polio vaccines which were used, were outdated. There are certain medicines which have got animal product in it, which have to be tested, because, they can carry HIV Positive AIDS virus. You will have to take care of these things.

DR. DEBENDRA PRADHAN: Madam, all types of viruses are taken care of.

THE DEPUTY CHAIRMAN: All right. Testing would be done in all cases. Now, we will take up the Auroville (Emergency Provisions) Repeal Bill, 2001.

THE AUROVILLE (EMERGENCY PROVISIONS) REPEAL BILL, 2001

THE MINISTER OF PARLIAMENTARY AFFAIRS AND THE MINISTER OF INFORMATION TECHNOLOGY (SHRI PRAMOD MAHAJAN): Madam, on behalf of Dr. Murli Manohar Joshi, I beg to move:

> "That the Bill to repeal the Auroville (Emergency Provisions) Act, 1980, as passed by the Lok Sabha, be taken into consideration".

The question was put and the motion was adopted.

THE DEPUTY CHAIRMAN: We shall now take up clause by clause
